

SECURITY

How often have you arrived at work and wondered whether you'd remembered to lock the back door at home? If you automate your home security, you can put these worries behind you and check your locks from anywhere on your smartphone.

DOOR & WINDOW SENSORS

Door and Window sensors protect your home by notifying your controller on any intrusion

We offer reliable wireless magnetic contact door and window sensors that pair with the most popular security systems. Get SMS alerts on intrusion.

WIFI MAGNETIC ALARM DOOR/WINDOW SENSOR

- Real Time Monitor: When you leave home, it will push notification message to you when the door/window opens or closes, so you can open the APP "Smart Life or Tuya Smart" to check in time
- Ultra-Long Standby Time: Built in batteries(AAA battery, battery not included), of which standby time last for 1 years
